PBV Leasing

Partner with CHA's PBV Program

The Chicago Housing Authority's Project-Based Voucher (PBV) Program works to increase highquality, affordable housing opportunities in healthy and revitalizing neighborhoods throughout the City of Chicago. CHA seeks to partner with developers and property owners of multi-unit rental buildings or portfolios to support economic opportunity and a healthy family life for Chicago residents. Through a competitive application process, PBV Program funds are allocated to Boardapproved developments with 15- to 30-year Housing Assistance Payment (HAP) Contracts.

<u>Click here</u> for more information as well as guidance on the application process.

Note: If you are a tenant looking for affordable housing, you must apply through the <u>CHA Wait List</u> <u>portal</u>. Applicants for an assisted rental unit can select one Public Housing site-based wait list and one PBV site-based wait list.
