Technology Classes

AARP Foundation Digital Skills Ready @50+

For CHA residents, ages 50+.
In partnership with AARP, CHA offers free lectures, workshops, and multi-week technology courses in our Digital Resource Centers. These programs help older adults learn computer basics and develop useful tech skills.

Interested? Email us at digitalinclusion@thecha.org or call at 312 913-7979 and a staff member will reach out.

Chicago Digital Learn

In collaboration with Chicago Public Libraries, this program offers over 20 courses in English and Spanish to boost your computer confidence. Courses cover topics from Microsoft Suite to online job searching and online safety. For more information, [click here.](#)
