## B. Status of Households Awaiting Right of Return

All families with a Right of Return have been asked to complete a Housing Choice Survey to indicate their top three housing choices, which helps CHA to best meet their housing needs in satisfying their Right of Return. All current CHA residents with a Right of Return have access to social service providers that offer ongoing, wrap-around support to address any barriers related to satisfying their Right of Return. CHA staff also continue to work with each resident, based on their individual needs, to fulfill the requirements of the RRC.

As of December 31, 2022, there were 189 original 10/1/99 households who had not yet satisfied their Right of Return. The table below displays their first housing preference for satisfying their Right of Return, and the pie chart shows their current location: 15% (29) currently reside in CHA public housing; 70% (132) live in the private market with a Housing Choice Voucher provided by CHA; and 15% (28) live in the private market without CHA subsidy but have expressed a desire to return to CHA housing.
