## I. Public Housing Occupancy and Unit Status

CHA provides public housing across several portfolios, including traditional family properties, scattered sites, senior-designated properties, and mixed-income developments. Additionally, CHA has been converting some of its public housing properties to RAD PBV since 1st Quarter 2016. Although these properties are no longer part of the traditional public housing portfolio, CHA continues to report on them in a separate table at the end of this section.

As of September 30, 2018, the total number of CHA public housing units is 17,205. This number includes all public housing units and is not the same as CHA's progress toward the 25,000 unit delivery goal. CHA's public housing units are categorized in two ways:

- Online/Leasable Units: This includes all occupied units plus those that are vacant but available for occupancy/leasable. CHA's vacancy rate is calculated based on online, leasable units.
- Offline Units: This includes units unavailable for occupancy and offline for HUD-approved reasons such as pending demolition or disposition, capital maintenance or modification, non-dwelling use, relocation resources, and non-rehabilitated/uninhabitable units closed for pending redevelopment.

## II. Unit Delivery Status and Projections

### A. Unit Delivery Status by Site

CHA continues to pursue a variety of unit delivery strategies to achieve the original Plan for Transformation goal of rehabilitating or replacing 25,000 units of affordable housing in Chicago and to fulfill the obligations of CHA's MTW Agreement with HUD. As of September 30, 2018 the unit delivery goal of 25,000 units is 96% complete, with a total of 23,916 units. This includes 2,774 public housing units in mixed-income communities, 17,188 family, senior, and scattered site/acquisition units, and 3,954 project-based voucher units in Chicago.

## III. Right of Return Status

### A. Right of Return Status by Original Site

There are 16,846 households who originally lived in family and scattered site housing who have been granted a Right of Return. As of September 30, 2018, 61% of these households had moved to their final housing choice to satisfy their Right of Return; 3% had not yet made their final housing choice; 17% are deceased or have been evicted; and 19% have been unresponsive to CHA outreach and thus their location is unknown. Households who are non-responsive have an option for reinstatement should they ever contact CHA. The table below shows relocation status based on each household's original development on 10/1/99.

## B. Status of Households Awaiting Right of Return

All families with a Right of Return have been asked to complete a Housing Choice Survey to indicate their top three housing choices, which helps CHA to best meet their housing needs in satisfying their Right of Return. As part of CHA's obligation to the RRC, CHA posts public notices annually in seven local newspapers for three consecutive weeks to reach out to former 10/1/99 residents seeking to satisfy their Right of Return. In addition, all current CHA residents with a Right of Return have access to social service providers that offer ongoing, wrap-around support to address any barriers related to satisfying their Right of Return. CHA staff also continues to work with each resident, based on their individual needs, to fulfill the requirements of the RRC.

As of September 30, 2018, there were 487 original 10/1/99 households who had not yet satisfied their Right of Return. The table below displays their first housing preference for satisfying their Right of Return, and the pie chart shows their current location: 30% (145) currently reside in CHA public housing; 55% (270) live in the private market with a Housing Choice Voucher provided by CHA; and 15% (72) live in the private market without CHA subsidy but have expressed a desire to return to CHA housing.

## IV. Demographics

### A. Current Demographics

CHA serves over 15,000 households in public housing and over 48,000 families participating in the voucher program. Combined, there are more than 63,000 households and over 135,000 individuals living in affordable housing at CHA properties or in the private market with vouchers under CHA jurisdiction. CHA's resident population is dynamic, and CHA will continue to lease from several wait lists to offer housing to additional eligible Chicago families. Initial eligibility for the public housing and voucher programs are limited to households who earn 80% or less of the local Area Median Income (AMI). HUD establishes income limits every year based on income and family size. In 2018, 80% of the applicable AMI for a family of four is \$67,700.

The majority of current CHA heads of household are female, and, while most heads of household are African American, the number of White and Hispanic heads of household have been increasing over the past several years. The average size of CHA households has been shrinking over time, as the number of youth has decreased while the senior population has increased. Additionally, the number of CHA families living in opportunity, mobility, or general areas has continuously been growing.

## B. Wait List Demographics

CHA maintains several types of wait lists for the public housing and voucher portfolios. Individuals or families interested in public housing or a voucher must apply to the applicable wait lists to access these affordable housing options. As of the summer of 2018, the public housing and PBV programs have transitioned all of their waitlists to a site-based format. All waitlists for family serving public housing properties including traditional family, mixed income, and scattered sites are reported under the Public Housing Family Site-Based category and all senior serving public housing properties are reported under the Public Housing Senior Site-Based category. CHA also maintains multiple wait lists for the PBV program in the site-based format and a separate waitlist for the HCV program.

The following CHA wait list demographics are based on available data that is self-reported by applicants on the wait lists.

## V. Section 3 and M/W/DBE Report

### Overview of Section 3

Section 3 of the Housing and Development Act of 1968 requires that employment and other economic opportunities generated by federal financial assistance for housing and community development programs are, to the greatest extent feasible, directed toward low-income and very low-income persons, particularly those who are recipients of government assistance for housing. Opportunities are provided through hiring, contracting, or alternative programs.

### Q3 2018 Section 3–Compliance

**Hiring Requirement: 30% of all new hires must be Section 3.**

In 3<sup>rd</sup> Quarter 2018, there was a need for 92 new hires for CHA contracts executed during 3<sup>rd</sup> Quarter, with a commitment to hire 92 Section 3 new hires (100.00%) during the term of the contracts. The commitment far exceeds the required 30%. As of the end of 3<sup>rd</sup> Quarter 2018, 32 of the 92 Section 3 new hires needed were employed (34.78%). The remaining new hires will be employed in future phases over the duration of the contracts.

Q3 2018 SECTION 3 HIRES	Q3 2018	YTD

Total Section 3 Hiring Commitment	100.00%	99.33%
<b>Total Section 3 Hiring Achievement to date</b>	<b>34.78%</b>	<b>56.61%</b>

**Contracting Requirements: Prime Contractors are required to subcontract 10% of the total contract value for construction contracts and 3% of the total contract value for all other contracts to Section 3 Business Concerns.<sup>1</sup>**

In 3<sup>rd</sup> Quarter 2018, CHA has exceeded its contracting requirement for Construction (11.19%), Private Property Management (PPM) Construction (93.20%), and Private Property Management Professional Services contracts (100.00%).

Q2 2018 SECTION 3 CONTRACT AWARDS						
	Professional Service	Construction	PPM Professional Service	PPM Construction	Total	YTD
Section 3 Business Concern Contract Awards (\$)	\$145,672.56	\$6,461,703.79	\$115,005.09	\$7,717,728.15	\$14,440,109.59	\$33,534,138.48
Total CHA Contract Awards (\$)	\$4,938,614.63	\$57,737,821.22	\$115,005.09	\$8,280,884.14	\$71,072,325.08	\$124,816,270.00
Section 3 Business Concern Contract Awards (%)	2.95% <sup>2</sup>	11.19%	100.00%	93.20%	20.32%	26.87%

<sup>1</sup> Contractors are required to sub-contract to the maximum extent feasible. If a contractor can document inability to meet the sub-contracting goals, 'other economic opportunities' may be offered, including mentorship programs, internships and contributions to the Section 3 Fund.

<sup>2</sup> Vendors awarded new contracts but could not meet the Section 3 hiring/contracting requirement in 3<sup>rd</sup> Quarter 2018 elected to contribute \$33,549.00 to the Section 3 Fund as OEOs. The sum of this amount plus the total Section 3 business award for Professional Services contracts exceeds the required 3% Section 3 participation. In addition, some of the contracts awarded during this period were for supply and delivery that did not require Section 3 compliance.

# CHA Quarterly Report, 3rd Quarter 2018

**Alternative Programs:** A prime contractor who has demonstrated its attempts, to the maximum extent feasible, to meet its Section 3 hiring and contracting goals may satisfy Section 3 obligations by engaging in indirect participation, mentorship program participation, and/or other results-oriented economic opportunities as alternative means to achieving Section 3 goals.

In addition, a contribution to CHA's Section 3 Fund is allowable under the other economic opportunities category, as long as the contribution complies with CHA's Section 3 policy.

As of September 30<sup>th</sup>, CHA's Section 3 Fund has a balance of \$423,863.30.

- From July 1, 2018 to September 30, 2018 CHA expended \$322,693.25 from the fund.
- Section 3 Fund expenditures were for Section 3 Competitive Grants and the CHA's Central Advisory grant program.
- CHA Contractors contributed \$14,451.44 to the Fund as Other Economic Opportunities in the 3<sup>rd</sup> Quarter 2018.

## M/W/DBE Overview and YTD Compliance

The Chicago Housing Authority (CHA) takes all necessary and reasonable steps to ensure that Minority, Women, and Disadvantaged Business Enterprise (M/W/DBE) contractors have the maximum opportunity to compete for and perform on contracts and subcontracts administered by the CHA.

MBE/WBE/DBE goals vary depending on the contract amount and type. Construction contracts are broken down by their contract value, requiring a different percentage requirement for each threshold, as detailed below. All Professional Service and Supply & Delivery contracts have a twenty percent (20%) participation requirement. Any contract under twenty-five thousand dollars (\$25,000) does not require M/W/DBE participation.

The chart below outlines the MBE/WBE/DBE participation requirements and achievements for 3<sup>rd</sup> Quarter based on expenditures.

# CHA Quarterly Report, 3rd Quarter 2018

## VI. CHA Funding Summary

As an MTW agency, CHA has the flexibility to combine MTW sources of funding, including Public Housing Operating Subsidy, Capital Funds, and HCV Program funds, into a single fund. This allows CHA to allocate funding based on agency priorities and Plan Forward goals. The following charts show how CHA resources are budgeted across major categories of agency operations and activities: HCV Program, Public Housing Property, Resident Services, Development, Capital Construction, and Central Office. While CHA's funding sources are relatively stable, requirements or decisions to increase resources in one category results in decreases in available funding for other categories.

The below chart will be updated annually in the 1st quarter to reflect the current year budget.

## VII. CHA Voucher Utilization

Each year, the CHA sends a request to HUD regarding the distribution of its vouchers between block grant vouchers and leasing vouchers. The number of vouchers assigned to each category is based on projected leasing for the year and other funding needs across the agency. In order to satisfy overall voucher utilization goals, the projections take into account factors such as estimated attrition (vouchers returned each month), average search time once a voucher is issued, and estimated number of new participants leasing up each month.

## VIII. CHA Exception Payment Standards

### Background

- Since 2010, CHA, under its MTW authority, is authorized to apply exception payment standards up to 300% of the HUD FMR.
- CHA's current MTW authority allows HCV households to receive an exception payment standard when:
  - Living in a Mobility Area; or
  - A Reasonable Accommodation is approved.
- In August 2014, CHA lowered the limit on exception payment standards to 150% of the HUD FMR.
- In March 2018, CHA began granting exception payment standards up to 250% of the HUD FMR for families with disabilities with a reasonable accommodation if needed for accessibility reasons approved by Department of Housing Rights Non-Discrimination.

### Analysis of Exception Payment Standards

- CHA currently administers 2,380 vouchers with approved exception payment standards, representing approximately 5.1% of CHA's HCV portfolio. This data is as of 9/30/18.

\* HUD does not regard payment standards below 111% of FMR as exception payment standards. However, CHA's payment standard does not go up to 110%, and CHA has historically considered any payment standard that exceeds the Payment Standard Schedule as an exception, even if it is still below 111% of FMR.

\*\* Five (5) of the participants with payment standards over 150% of FMR have HUD waivers to remain at their current levels and ten (10) are approved for up to 250% of FMR due to an approved reasonable accommodation request.

\*\*\* As of March 1, 2018, HCV transitioned from utilizing Opportunity Areas, which are based on census tracts, to Mobility Areas, which are based on community areas, to evaluate whether a resident's unit qualifies them for an exception payment standard.

## Transition Timeline for Exception Payment Standards Above 150% FMR

- CHA lowered its limit on exception payment standards to 150% FMR in August 2014. Exception payment standards over 150% FMR are in the process of being phased out as participants come in for their recertifications.
- CHA sent letters to all participants with exception payment standards over 150% FMR in late August 2014 to explain the policy change and its implications for them.
- CHA expects that all exception payment standards over 150% will be phased out by late 2018, based on the following schedule.
- This schedule is based on the timing of participants' recertifications; some participants may choose to move between recertifications, meaning some exception payment standards may be phased out sooner.

	Total EPS Households	Households in Opportunity Areas	Households with a Reasonable Accommodation
<b>Total Households over 150% FMR as of August 2014</b>	<b>288</b>	<b>280</b>	<b>8</b>

\*These families had a change in household composition or payment standard moving them to a different FMR category. According to CHA policy, these families' payment standards will be adjusted at their next biennial recertifications, which will bring them below 150% FMR.
