

Overview

Chicago Housing Authority (CHA) is the primary municipal agency responsible for providing housing assistance to low-income families and individuals in Chicago, including the elderly, veterans and those in need of supportive housing. CHA serves more than 63,000 low-income households and close to 134,000 individual residents through the Public Housing, Housing Choice Voucher, and Project-Based Voucher programs with housing options in every community area of Chicago. CHA has a budget of over \$1 billion, with 98 percent of the funding coming from the U.S. Department of Housing and Urban Development (HUD). CHA is the second largest housing authority in the country and the largest owner of rental housing in Chicago.

In 2000, CHA was designated as a Moving to Work (MTW) Agency by HUD and this designation has been extended through 2028. Participation in the MTW program gives CHA the funding and operational flexibility to create innovative programs designed to expand housing options for residents and provide residents with opportunities to learn new skills and achieve an improved quality of life while promoting efficiency and cost savings in CHA's operations. CHA currently administers 27 MTW activities designed to meet these objectives.

CHA Quarterly Report, 1st Quarter 2021

I. CHA Residents

A. Current Demographics

As of March 31, 2021 CHA serves more than 13,300 households in public housing and over 50,000 families participating in the voucher program. Combined, there are more than 63,000 households and nearly 134,000 individuals living in affordable housing at CHA properties or in the private market with vouchers under CHA jurisdiction. CHA's resident population is dynamic with various quarterly changes, and CHA will continue to lease from several waitlists to offer housing to additional eligible Chicago families. Initial eligibility for the public housing and voucher programs are limited to households who earn 80% or less of the local Area Median Income (AMI). HUD establishes income limits every year based on income and family size. As of March 31, 2021, 80% of the applicable AMI for a family of four is \$72,800.

The majority of current CHA heads of household are female, and, while most heads of household are African American, the number of White and Hispanic heads of household have been increasing over the past several years. The average size of CHA households has been shrinking over time, as the youth population has decreased while the senior population has increased. Additionally, the number of CHA families living in **Mobility^a** and **General and/or Opportunity Areas^b** has continuously been growing.

B. Wait List Demographics

CHA maintains several types of wait lists for the public housing and voucher portfolios. Individuals or families interested in obtaining public housing or a voucher must apply to the applicable waitlist to access these affordable housing options. As of the summer of 2018, the public housing and PBV programs have transitioned all of their waitlists to a **site-based** format, meaning that each residential site has its own respective waitlist. All waitlists for family-serving public housing properties, including traditional family, mixed income, and scattered sites, are reported under the "Public Housing Family Site-Based" category and all senior-serving public housing properties are reported under the "Public Housing Senior Site-Based" category. CHA also maintains multiple waitlists for the PBV program in the site-based format and a separate waitlist for the HCV program.

The following CHA waitlist demographics are based on available information as of March 31, 2021 that is self-reported by applicants on the waitlists.

C. Right of Return Status by Original Site

There are 16,846 households who originally lived in family and scattered site housing who have been granted a **Right of Return**. As of March 31, 2021, 62.2% of these households had moved to their final housing choice to satisfy their Right of Return; 1.5% had not yet made their final housing choice; 17.2% are deceased or have been evicted; and 19.1% have been unresponsive to CHA outreach and thus their residential status and location is unknown. Households who are non-responsive have an option for reinstatement should they ever contact CHA. The table below shows relocation status based on the residential development that each household occupied on October 1, 1999 (hereafter referred to as 10/1/99).

D. Status of Households Awaiting Right of Return

All families with a Right of Return have been asked to complete a Housing Choice Survey to indicate their top three housing choices. This survey helps CHA best meet their housing needs and satisfy their Right of Return. As part of CHA's obligation to the Right to Return Contract (RRC), CHA posts public notices annually in seven local newspapers for three consecutive weeks to reach out to former 10/1/99 residents seeking to satisfy their Right of Return. Additionally, all current CHA residents with a Right of Return have access to social service providers that offer ongoing, wrap-around support to address any barriers related to satisfying their Right of Return. CHA staff also continues to work with each resident based on their individual needs to fulfill the requirements of the RRC.

As of March 31, 2021, there were 248 original 10/1/99 households who had not yet satisfied their Right of Return. The table below displays their first housing preference for satisfying their Right of Return, and the pie chart shows their current residential status: 16% (39) currently reside in CHA public housing; 79% (197) live in the private market with a Housing Choice Voucher provided by CHA; and 5% (12) live in the private market without a CHA subsidy, but have expressed a desire to return to CHA housing.

II. CHA Public Housing Portfolio

CHA provides public housing across several portfolios, including traditional family properties, scattered sites, senior-designated properties, and mixed-income developments. Additionally, CHA has been converting some of its public housing properties to RAD PBV since 1st Quarter 2016. Information on these properties is located in Section III of this report.

As of March 31, 2021, the total number of CHA public housing units is 15,927. This number includes all public housing units and is not the same as CHA's progress toward the 25,000 unit delivery goal. CHA's public housing units are categorized in two ways:

- **Online Units:** This includes all occupied units plus those that are non-leased but may be available for occupancy or in the process of a transition. CHA's vacancy rate is calculated based on online, leasable units.
- **Offline Units:** This includes units that are unavailable for occupancy and are offline for HUD-approved reasons such as pending demolition or disposition, capital maintenance or modification, non-dwelling use, relocation resources, and non-rehabilitated/uninhabitable units closed for pending redevelopment.

B. Public Housing Offline/Long-Term Redevelopment Unit Status

CHA tracks the status of units designated as "offline" each quarter. Units that are considered offline are pending demolition or disposition, undergoing capital maintenance or modification, uninhabitable and closed pending redevelopment, or are used for non-dwelling purposes. Offline units cannot be occupied and thus are not used to calculate the vacancy rate. More information about **offline units** can be found in the Glossary within Appendix A of the quarterly report.

LCP is pursuing both public and private funding sources for the next redevelopment phase at Lathrop (Phase 1C). An additional 183 vacant units (not included in this count) will be addressed during Phases 2 and 3 when Phase 1 is completed. Note that this count is based on development progress and may be different from the Appendix A total unit count and the total PIC inventory count.

One unit at Edith Spurlock Sampson was non-dwelling but is pending repairs to bring online as a dwelling unit.

III. CHA Project-Based Voucher Program

CHA works to expand high-quality, affordable housing opportunities throughout the City of Chicago by providing Project Based Vouchers (PBV) that utilize HUD Section 8 funding. The subsidy remains with the unit for the benefit of a low-income household. CHA administers the following PBV initiatives:

- **Property Rental Assistance (PRA)** creates long-term affordability in privately owned rental housing throughout the City of Chicago through a long-term Housing Assistance Payments (HAP) contract. Through PRA, project-based vouchers create additional housing opportunities for low-income households.
- **Mod Rehab (MR)** provides an annual contract for PBV assistance in properties previously rehabilitated. Mod Rehab properties have an opportunity to apply to HUD for conversion and to CHA to administer a long-term RAD contract (RAD2).
- **Rental Assistance Demonstration (RAD)** is a tool to preserve and improve affordable housing properties by allowing the leveraging of public and private debt and equity. CHA uses the first component of RAD (**RAD1**) to transition the funding of public housing units to Section 8 PBV units either through the **conversion** of existing public housing properties to PBV properties or through the **transfer of assistance** from a former public housing building to a new property in CHA's portfolio that will come online as PBV units.
- **RAD2** utilizes the second component of the Rental Assistance Demonstration program to convert Mod Rehab units to long-term Section 8 HAP contracts to support the preservation of existing affordable housing.
- **City-State** properties were created through a combination of city and state funding to provide housing for residents who were displaced by the construction of interstate highways. They are administered through a project-based rental assistance contract (PBRA) with HUD. CHA currently owns three city-state properties and they are operated by a tax credit partnership in which CHA LLC is the general partner.

IV. CHA Housing Choice Voucher Program

A. Voucher Utilization

Each year, the CHA sends a request to HUD regarding the distribution of its vouchers between block grant vouchers and leasing vouchers. The number of vouchers assigned to each category is based on projected leasing for the year and other funding needs across the agency. In order to satisfy overall voucher utilization goals, the projections take into account factors such as estimated attrition (vouchers returned each month), average amount of time spent finding a unit after a voucher is issued, and estimated number of new participants each month who sign a lease agreement.

B. Housing Choice Voucher Exception Payment Standards (EPS)

Background

- In 2010, CHA, under its MTW authority, was authorized to apply **exception payment standards** of up to 300% of the HUD **Fair Market Rent (FMR)**.
- In August 2014, CHA lowered the limit on exception payment standards to 150% of the HUD FMR.
- In March 2018, CHA began granting exception payment standards up to 250% of the HUD FMR if needed for families with a CHA-approved reasonable accommodation for family members with disabilities.
- CHA's current MTW authority allows HCV households to receive an exception payment standard when:
 - Living in a **Mobility Area**; or
 - A Reasonable Accommodation is approved.

Analysis of Exception Payment Standards

As of March 31, 2021, CHA administered 6,889 vouchers with approved exception payment standards, representing approximately 17.0% of eligible HCV households served.

% FMR	Active Exception Payment Standards as of 12/31/2020	Active Exception Payment Standards as of 3/31/2021	Change from 12/31/2020 to 3/31/2021

TOTAL	6,608	6,889	281

Reason for Exception Payment Standard	Active Exception Payment Standards as of 12/31/2020	Active Exception Payment Standards as of 3/31/2021	Change from 12/31/2020 to 3/31/2021
Reasonable Accommodation	198	220	22
Mobility Area***	6,410	6,669	259
TOTAL	6,608	6,889	281

* HUD does not consider payment standards below 111% of FMR as exception payment standards. However, CHA's payment standard does not go up to 110%, and CHA has historically considered any payment standard that exceeds the Payment Standard Schedule as an exception, even if it is still below 111% of FMR.

** Three (3) of the participants with payment standards over 150% of FMR have HUD waivers to remain at their current levels and one hundred four (104) are approved for up to 250% of FMR due to an approved reasonable accommodation request.

*** As of March 1, 2018, HCV transitioned from utilizing Opportunity Areas, which are based on census tracts, to Mobility Areas, which are based on community areas, to evaluate whether a resident's unit qualifies them for an exception payment standard.

CHA Quarterly Report, 1st Quarter 2021

C. Housing Choice Voucher Landlord Incentive Payments (LIP)

Landlord Incentive Payments (LIPs) are one-time incentives that CHA provides to landlords when a participant in the HCV program enters a new lease for a unit located in a Mobility Area. The narrowing stock of rental units in Chicago's **Mobility Areas** are in high demand due to the allure of lower poverty and crime rates, and more community resources and educational and employment opportunities. Landlords with units in Mobility Areas can charge higher rents and coupled with the additional processing time to lease-up an HCV tenant compared to a market rate tenant; they may be disincentivized from participating in the HCV Program. CHA believes the LIP initiative incentivizes more landlords to participate in the HCV Program, allowing more tenants with vouchers to access units in Mobility Areas.

Incentive payments partially offset any losses the landlord may incur as a result of holding the unit for a tenant with a voucher. These payments are made simultaneously with the initial HAP payment in the amount of **contract rent**. Below is information on the number of LIPs issued as well as the number of new owners with HCV tenants enrolled due to this program.

Time Period	# of LIPs Issued*	# of New Owners
1 st Quarter 2021	85	85
YTD 2021	85	85
All Time**	4,757	944

**These numbers are based on effective date of contract, not date payment is issued. As a result, included in the counts are both payments that have been issued as well as those where they have been approved and payments are pending. Retroactive corrections and approvals sometimes occur, resulting in adjustments to previous quarters' numbers—all numbers in this table represent updated counts per quarter, year, and all time, and do not include anything with an effective date after March 31, 2021. Beginning in September 2020, CHA modified this program to only issue these payments to new HCV owners who lease to voucher holders in Mobility Areas.*

***Since program implementation in June 2017.*

V. CHA Unit Delivery

A. Unit Delivery Status by Site

CHA continues to pursue a variety of unit delivery strategies to achieve the original Plan for Transformation goal of rehabilitating or replacing 25,000 units of affordable housing in Chicago and to fulfill the obligations of CHA's MTW Agreement with HUD. As of March 31, 2021 the unit delivery goal of 25,000 units is 99% complete, with a total of 24,760 units. For the purposes of these tables, units are counted based on the original category under which they were delivered. For example, senior properties that have since been converted to RAD PBVs are still counted as a Public Housing unit delivery.

VI. CHA Compliance ¹

A. Section 3 and M/W/DBE

Overview of Section 3

Section 3 of the Housing and Development Act of 1968 requires that employment and other economic opportunities generated by federal financial assistance for housing and community development programs are, to the greatest extent feasible, directed toward low-income and very low-income persons, particularly those who are recipients of government assistance for housing. Opportunities are provided through hiring, contracting, and alternative programs.

Q4 2020 Section 3–Compliance

Hiring Requirement: 30% of all new hires must be Section 3.

There were 17 new hires needed for CHA contracts executed during 4th Quarter 2020. As of the end of the quarter, 5 new Section 3 hires were employed (30% of total new hires), which just met the 30% requirement (5 out of 17 new hires).

Q4 2020 SECTION 3 HIRES	Q4 2020	YTD
Total Number of New Hires Needed ²	17	131
Total Number of New Hires Required (30%)	5	39
Total Number of Actual Section 3 New Hires ³	5	61
Total Percentage of Actual Section 3 New Hires	29.4%	46.6%

Contracting Requirements: Prime Contractors are required to subcontract 10% of the total contract value for construction contracts and 3% of the total contract value for all other contracts to Section 3 Business Concerns.⁴

In 4th Quarter 2020, CHA exceeded its contracting requirements for Construction contracts (**83.12%**). For Professional Services contracts, most contractors proposed an “Other Economic Opportunity” (OEO) by committing to contribute to the Section 3 Fund a cumulative amount of \$24,911.65 in lieu of the contracting requirement. This, in addition, to the \$381.00 in Section Business Concerns contracts represents the minimum 3% Section 3 goal requirement for Professional Services contracts.

Q4 2020 SECTION 3 CONTRACT AWARDS ⁵				
	Professional Service	Construction	Q4 2020 Total	2020 YTD
Section 3 Business Concern Contract Awards (\$)	\$381.00	\$1,321,616.37	\$1,321,997.37	\$44,979,501.78
Total CHA Contract Awards ⁶ (\$)	\$856,160.20	\$1,590,027.17	\$2,446,187.37	\$148,687,040.78
Section 3 Business Concern Contract Awards (%)	0.04%	83.12%	54.04%	30.25%

¹ The impact of COVID-19 has greatly affected the number of S3 hires that were made in Q4 as well as the number of training & workshops that were held due to the government mandated social distancing guidelines.

² The “Total Number of Hires Needed” count is reflective of the number of job titles that were created in the portal during that period. Job titles are created in the portal when a contract is awarded that creates a commitment for a new hire in the current quarter and/or when there is a vacancy of a new hire commitment from a previous quarter. In Q4 2020 there were no non-CHA positions posted. In previous quarters, this number captured new hiring commitments on new contracts awarded in any quarter.

³ NOTE: The “Total Number of Actual Section 3 Hires” is based on actual new hires made and anticipated start dates occurring within the current quarter. This number may include hire commitments counted in “Total Number of Hires Needed” from previous quarterly reports if their anticipated start date is during the current quarter. Additionally, this count is not contingent upon the number of hires needed during the same period. There were two (2) S3 hires reported in a previous quarter that were later determined to have never started work and so the YTD S3 total & percentage has been adjusted accordingly.

⁴ Contractors are required to sub-contract to the maximum extent feasible. If a contractor can document inability to meet the sub-contracting goals, ‘other economic opportunities’ may be offered, including mentorship programs, internships and contributions to the Section 3 Fund.

⁵ PPM Professional Service and PPM Construction Awards are now included in the larger Professional Service and Construction Awards categories.

⁶ NOTE: The “Total CHA Contract Awards (\$)” is based on the portion of CHA contract awards that were created in the compliance monitoring system B2G with start dates that fall within Q4 of 2020. Only contracts that are subject to CHA’s Compliance requirements are entered into B2G. Not all contracts awarded by CHA in Q4 of 2020 were subject to Compliance.

CHA Quarterly Report, 1st Quarter 2021

Alternative Programs: A prime contractor who has demonstrated its attempts, to the maximum extent feasible, to meet its Section 3 hiring and contracting goals may satisfy Section 3 obligations by engaging in indirect participation, mentorship program participation, and/or other results-oriented economic opportunities as alternative means to achieving Section 3 goals.

A contribution to CHA's Section 3 Fund is allowable under the "Other Economic Opportunities" category, as long as the contribution complies with CHA's Section 3 policy. As of December 31st, CHA's Section 3 Fund has a balance of \$1,141,185.24⁷.

- Between October 1, 2020 and December 31, 2020, CHA expended \$7,602.80 from the fund.
- Section 3 Fund expenditures were for training programs and resident support activities.
- Additionally, CHA received a \$20,000 Grant from Federal Home Loan Bank and together with \$15,000 from the Section 3 Fund, awarded 7 Resident-owned businesses \$5,000 each.
- CHA Contractors contributed \$198,429.76 to the Fund as Other Economic Opportunities in the 4th Quarter 2020.

M/W/DBE Overview and YTD Compliance

The Chicago Housing Authority (CHA) takes all necessary and reasonable steps to ensure that Minority, Women, and Disadvantaged Business Enterprise (M/W/DBE) contractors have the maximum opportunity to compete for and perform on contracts and subcontracts administered by the CHA. MBE/WBE/DBE goals vary depending on the contract amount and type. Construction contracts are broken down by their contract value, requiring a different percentage requirement for each threshold, as detailed below. All Professional Service and Supply & Delivery contracts have a twenty percent (20%) participation requirement. Any contract under twenty-five thousand dollars (\$25,000) does not require M/W/DBE participation. The chart below outlines the MBE/WBE/DBE participation requirements and achievements for the 4th Quarter based on expenditures. Compliance exceeded all year-end M/W/DBE participation goals for 2020.

Type of Contract	Contract Amount (\$)	MBE/WBE/DBE Participation Goals (%)	2020 – 4 th Quarter Total Payments	2020 – 4 th Quarter Payments for credit M/W/DBE Primes and Subcontractors	2020 – 4 th Quarter MBE/WBE/DBE Participation Rate (%)	YTD MBE/WBE/DBE Participation Rate (%)

VII. CHA Finances

A. CHA Funding Summary

As an MTW agency, CHA has the flexibility to combine MTW sources of funding, including the Public Housing Operating Subsidy, Capital Funds, and HCV Program funds, into a single fund. This allows CHA to allocate funding based on agency priorities and goals. The following charts show how CHA resources are budgeted across major categories of agency operations and activities: HCV Program, Public Housing Property, Resident Services, Development, Capital Construction, and Central Office. While CHA's funding sources are relatively stable, requirements or decisions to increase resources in one category results in decreases in available funding for other categories.

The below chart will be updated annually during the 1st quarter to reflect the current year budget.

Expense Category	2020 Expense Budget	2020 Percentage	2021 Expense Budget	2021 Percentage
