

DENTAL ASSISTANT CERTIFICATION GRADUATES

(Pictured above, from left to right are Elizabeth Delgado, Marquan Scott, Natevia Green, Zhane Colvin)

On April 3, 2024, six CHA residents graduated from the UIC Mile Square Health Center Dental Assistant Certification Program, in partnership with the WORC office. The program consisted of 32 hours of classroom, 70 hours of lab and hands-on training, 40 hours of practice at a dental facility, and an additional 8 hours of coronal polishing and sealant certification. The program is designed to train students to work in public health settings alongside UI Health's other disciplines and prepare a dental assistant in cases including medically complex care, pediatric services, oral surgery, and prosthetic services. Upon the culmination of 170 hours and passing exams successfully, each of the students earned a dental assistant certificate. Two of the program graduates were hired with UI Dental Health Clinic. Please join us in congratulating our residents. If you want to participate in upcoming trainings offered through the WORC office, please contact us at worc@thecha.org for more information.
