Currently Reads:

Performance Standards

1. Description

PPM is expected to fulfill the performance requirements set forth herein. The PPM's performance shall directly affect the total compensation made eligible to PPM under this Agreement. Each performance standard will be measured by CHA on a monthly, quarterly, and/or annual basis. The Management Fee paid to PPM shall be subject to potential sanctions in accordance with the performance standards detailed below. PPM shall have an opportunity to review and, if necessary, dispute CHA's performance measurement data. PPM may also be asked to provide supporting documentation to refute a decision. All performance standard scoring shall be rounded to the nearest whole percent. For example, an average score of (94.5%) shall be scored at ninety-five percent (95%) and 94.4 shall be scored at ninety-four percent (94%). CHA shall assess performance standards within thirty (30) days from the last day of the month.

In assessing performance, CHA may, at its sole discretion, utilize data and reports provided by PPM to support its determination. Under no circumstance will a PPM's independent report supersede CHA's template. Sanctioned amounts shall be deducted from the Management fees that are owed to PPM under this Agreement.

PPM is required to correct deficiencies found through quality control or file audit reviews. All corrective actions must be in accordance with the requirements established by HUD, the CHA's Admissions and Continued Occupancy Policy (ACOP), CHA's Administrative Plan, CHA's Private Property Management Procedural Manual, and/or any formal CHA Advisory.

Each Performance Standard set forth below includes a brief description of the standard being assessed, followed by specific ranges for which PPM's performance shall be deemed "Acceptable". These performance standards may vary for LIHTC properties.
